DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 5-8, 14, and 15 are rejected under 35 U.S.C. 102(b) as being anticipated by Fisanick et al (USPN 4,636,403).

Fisanick et al teaches a method of repairing a defective photomask. A process of laser-induced metal deposition for repairing transparent defects in patterned metal films of photomasks. The process comprises the steps of coating the surface of the substrate having the film thereon with a layer of metal-organic compound; exposing the portions of the layer of metal-organic compound overlying the defects to a beam of electromagnetic radiation from a laser; ramping the power level of the radiation beam delivered by the laser until a metal patch is reflective and adherent is formed; and removing the unexposed portions of metal-organic compound remaining on the substrate surface. (abstract; column 4 lines 6-41; claims 1, 2, and 8)

Response to Arguments

Applicant's arguments with respect to claims 5-8, 14, and 15 have been considered but are moot in view of the new ground(s) of rejection.

Art Unit: 1725

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Donelon et al (USPN 5,182,230) and Reisman et al (USPN 5,145,714) are cited as of interest.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
